Customer Satisfaction Program 14N01  
Programa de Satisfacción del Cliente 14N01

2003 Crown Victoria  
Your Vehicle Identification Number (VIN): 2FAHP74W13X166352

Ford Motor Company is reminding customers about extended coverage under Customer Satisfaction Program 14N01 for your vehicle, with the VIN shown above.

**What is the reason for this extended coverage program?**

On your vehicle, it may be possible that the electronic module (Lighting Control Module) that supplies power to the headlamps may fail. This results in the headlamps not working properly except for the flash-to-pass operation.

In the interest of customer satisfaction, Ford Motor Company is extending coverage on the Lighting Control Module to 15 years or 250,000 miles from the warranty start date of the vehicle, whichever occurs first.

This coverage exceeds the original warranty coverage provisions of your vehicle for this part.

**What will Ford and your dealer do?**

If the headlamps on your vehicle do not work properly and the module is the cause, Ford Motor Company has authorized your dealer to replace the module free of charge (parts and labor).

This is a one-time repair program.

Coverage is automatically transferred to subsequent owners.

**How long will it take?**

If the component mentioned above requires replacement, the time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time.

Note: Service parts have been on back order previously. Since April 2015, service parts are now readily available to customers.

**What should you do?**

You do not need to return to your dealer for this repair unless you experience both headlights not functioning properly when the headlight switch is "ON."

**What should you do?  
(Continued)**

Please keep this letter as a reminder of the extended warranty coverage for your Lighting Control Module. If this component requires replacement, and your vehicle is within the indicated time/mileage limitations, contact your dealer for a service date. Provide the dealer with the Vehicle Identification Number (VIN) of your vehicle and request a service date for Customer Satisfaction Program 14N01. The VIN is printed near your name at the beginning of this letter. Your dealer will replace the part at no charge.

If you do not already have a servicing dealer, you can access [www.Fordowner.com](http://www.Fordowner.com) for dealer addresses, maps, and driving instructions.

**What if you no longer own this vehicle?**

If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.

You received this notice because our records, which are based primarily on state registration and title data, indicate that you are the current owner.

**Can we assist you further?**

If you have difficulties getting your vehicle repaired promptly and without charge, please contact your dealership's Service Manager for assistance.
